Taal – Veilig Leren Lezen – Knijpkaarten

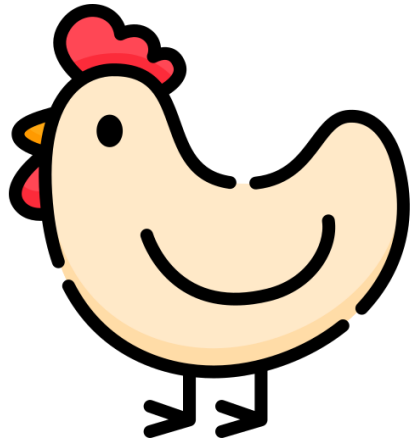

Deze download bestaat uit 72 knijpkaarten die passen bij het aanleren van letters die horen bij Veilig Leren Lezen kern start, kern 1, kern 2 en kern 3.

Uitleg

Print de kaarten op dik papier en plaats op de achterkant op de plek van het juiste antwoord een stempel of groene krul.
Lamineer ze vervolgens en knijp ze uit.

De leerling kijkt op de kaart welke letter er ontbreekt en plaatst een wasknijper op de letter rechts waarvan zij denken die ontbreekt. De leerling kan dan de kaart omdraaien om zelf te controleren of dit goed is (d.m.v. stempel / groene krul)
