Rekenen – Klittenband kaarten

Dobbelsteen sommen tot 10

Print de opdrachtkaarten uit en lamineer ze. Print ook de antwoordkaartjes en de getallen uit, lamineer deze en knip ze uit.

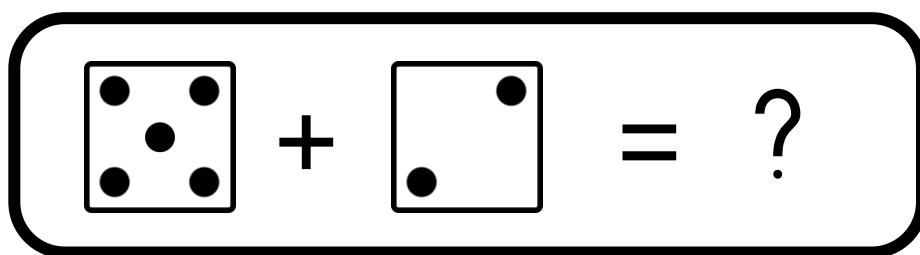

Plak op de grijze cirkels klittenband, dit is precies in het midden.

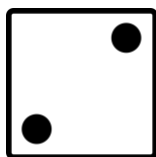

Tip: Plak de opdrachtkaarten in een dubbelgevouwen a3 papier en plak het voorblad op de voorkant. Zo houd je de opdrachtkaarten netjes en kunnen de leerlingen per boekje aan het werk gaan.
